

This year Learn to Skate decided to collect winter hats and accessories for local people in need. We collected a total of 50 items.

Our donation of 28 hats/earmuffs, 15 pairs of mitts/gloves, and 7 scarves/neckwarmers, was dropped off in Woodstock to Operation Sharing.

The vision of Operation sharing is “to empower individuals experiencing home insecurity to achieve stability and independence, while fostering a sense of community and belonging.”

Learn to Skate is happy to have made winter a little warmer for some local kids and families this year.
