

PLATTSVILLE BOTTLE DRIVE

Here's the plan:

- 1) While enjoying responsibly and respecting social distancing you may have a few empties kicking around and haven't been able to return them to the Beer Store- we want those!
- 2) **Saturday May 2nd until Thursday May 7th** all empties can be dropped off daily at the back of the arena (where they pile the snow and ice) between the hours of **8am-6pm**. There won't be anyone there to receive your empties, there will be a designated spot for them- we would appreciate people respecting the area and keeping things tidy
- 3) All funds will be donated to local organizations and we would like your feedback and ideas so please message me with your suggestion before Wednesday May 6th. Once all suggestions are received the organizers will discuss the suggestions and move forward from there. Some suggestions have been but we are not limited to: Local Minor Sports, Canada Day Celebration, Food Bank, Local childrens groups

What we need:

- Your empties dropped off at the arena after Saturday 8am and before Thursday 6pm
- Your ideas for who could benefit from the money raised

Home Hardware and The Township of Blandford-Blenheim are making this happen for our community so a huge shout out to them!
